INDEPENDENT AUDITORS' REPORT

To the Members
Colchester Partners, LLC
Boston, Massachusetts

We have audited the accompanying statements of financial condition of Colchester Partners, LLC, (the "Company") as of December 31, 2010 and 2009 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statements of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statements of financial condition presentation. We believe that our audits of the statements of financial condition provide a reasonable basis for our opinion.

In our opinion, the financial statements of financial condition referred to above present fairly, in all material respects, the financial position of Colchester Partners, LLC as of December 31, 2010 and 2009 in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 *NATURE OF BUSINESS*

Colchester Partners, LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of Financial Industry Regulatory Authority ("FINRA"). The Company is an investment banking and strategic advisory firm organized to serve the needs of investment management organizations and their professionals throughout the United States of America.

NOTE 2 *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

Use of Estimates

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the period reported. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all liquid investment instruments with original maturities of ninety days or less to be cash equivalents.

Concentrations of Credit Risk

Financial instruments which potentially subject the Company to significant concentrations of credit risk consist primarily of cash and trade accounts receivables.

The Company places its cash with a financial institution with a high credit rating, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts, and believes it is not exposed to any significant credit risk on cash.

Concentration of credit risk related to trade accounts receivable is limited due to a client base of companies and individuals with high net worth. The Company performs credit evaluations of its clients' financial condition and does not require collateral, since management does not anticipate nonperformance of payment.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value

All current assets and current liabilities, because of their short-term nature, are stated at cost or face value, which approximates market value.

Equipment and Improvements

Equipment and improvements are stated at cost. Depreciation and amortization are computed principally using the straight-line method over the estimated economic or useful lives of the applicable assets. Leasehold improvements are amortized over the lesser of the remaining life of the lease or the useful life of the improvements. The cost of maintenance and repairs is charged to expense as incurred.

NOTE 3 INVESTMENTS

The investment is in a minority interest of a Limited Liability Company valued at cost.

NOTE 4 ACCOUNTS RECEIVABLE AND ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Company's accounts receivable are client obligations due under normal trade terms carried at their face value, less provisions for bad debts. The Company evaluates the carrying amount of its accounts receivable on an ongoing basis and establishes a valuation allowance based on a number of factors, including specific client circumstances, historical rate of write-offs and the past due status of the accounts. At the end of each reporting period, the allowance is reviewed and analyzed for adequacy, and if relevant, is adjusted accordingly. The allowance is increased through a reduction of revenues and/or an increase in bad debt expense. At December 31, 2010 and 2009, management believes no allowance is necessary.
